

# Making Tartan

## What you will need:

- paint
- paper
- a toy car/bus
- paint brush

## How to create your own tartan

- Paint a piece of paper your favourite colour or alternatively use a coloured piece of paper.
- Paint the wheels of your car/bus a colour of your choice, roll the painted wheels across the paper in a straight vertical line.
- Repeat at the opposite side of the page.
- Wipe and paint the wheels another colour of your choice and run through the centre of the first set of lines created by the wheels.
- Paint the wheels again and run in a straight line now horizontally across the page one at the top and one at the bottom it should now start to resemble a tartan like pattern.
- Get as creative as you like this is just a guideline the main thing is to have fun and get messy!
