

Elf Emotion Faces

What you will need –

- Cardboard
- Green & red paper
- Pompom
- Wool
- Pen
- Scissors

Method:

1. Cut out face shape from cardboard
2. Add pompom for nose and also start to add hair using wool
3. Cut out several small rectangles
4. Use half the rectangle cutouts and draw on mouth with different emotions
5. Use remaining rectangle cutouts and draw on eyes with different emotions
6. Once complete you can play with different eyes and mouths to position on face depending on the emotion child feels

Benefits:

- Enable space to discuss emotions and how child feels
- Help develop social skills
- Identify feelings and consider other children's feelings
- Enable children to help manage their emotions
