

Playdough snowman

What you will need –

- Playdough
- Coloured pipe cleaners
- Googly eyes

Method:

1. Open your tub of playdough.
2. Use your hands and shape it into a snowman.
3. Shape and place the pipe cleaners to make arms, scarf, and hat.
4. Stick on the googly eyes.

When using googly eyes children need to be always supervised by an adult.

Benefits:

- Helps promote creativity.
- Good for those who have a visual impairment to help introduce different textures.
- Develop the sense of touch.
- Promotes fine motor skills, (feeling the texture of playdough and pipe cleaners)
